## Summary Sheet

### Criterion –I- Curricular Aspects

#### Key Indicator – 1.2 Academic Flexibility

**1.2.1 Percentage of Programmes in which Choice-Based Credit System (CBCS)/Elective Course System has Been implemented, wherever provision was made by the Regulatory Bodies (Data for the preceding Academic year).**

#### Preamble

Out of the total 85 programmes, 7 programmes have the provision for the implementation of CBCS/Electives course system in the curriculum made by the regulatory bodies and all the 7 programmes have implemented the CBCS/Electives course system. So, we have 100% implementation of CBCS/Electives in the curriculum for the programmes which have regulatory provision. The following table indicates the no. of programmes implemented with CBCS/Elective course system.

Number of programmes adopting both CBCS Course system and Electives	Number of programmes adopting only CBCS Course system	Number of programs adopting only elective course system	Total number of programs where there is regulatory provision of CBCS and Electives
3	2	2	7

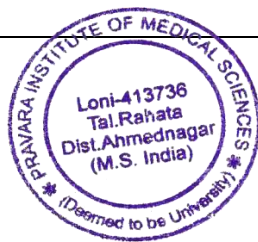

Formula:

$$\frac{\text{Number of Programmes in which CBCS or elective course system implemented}}{\text{Total number of Programmes where there is regulatory provision for CBCS – elective course system}} \times 100$$

$$7/7 \times 100 = 100\%$$
