

# Pravara Institute of Medical Sciences

(Deemed to be University)

Re-Accredited by NAAC 'A' Grade with CGPA 3.17 for Cycle 2

Loni-413 736, Tal Rahata, Dist. Ahmednagar, Maharashtra (MS), INDIA

## Summary Sheet

### Criterion –II- Teaching-Learning and Evaluation

#### Key Indicator:2.3Teaching - Learning Process

##### 2.3.1 Student-centric methods are used for enhancing learning experiences by

#### Preamble

"At Pravara Institute of Medical Sciences Deemed to be a University, our commitment to academic excellence is exemplified through an **innovative** and **student-centric** approach to the teaching-learning process. This section aims to illuminate the methodologies employed to enhance learning experiences, focusing on various pedagogical strategies.

Recognizing the dynamic nature of education and the diverse learning needs of our students, we emphasize a multifaceted approach to teaching and learning. Our institution prides itself on employing student-centric methodologies to foster comprehensive learning experiences. Through the utilization of experiential learning, integrated and interdisciplinary learning, participatory techniques, problem-solving methodologies, self-directed learning, patient-centric and evidence-based approaches, and incorporating the humanities, project-based learning, and role play, we strive to create an engaging and dynamic learning environment.

Implementing these diverse pedagogical approaches at PIMS-DU aims to nurture critical thinking, practical application, and holistic learning among our students. This section provides an insight into our commitment to employing varied methodologies that encourage active participation, real-world application, and the development of essential skills necessary for the medical field.

This KI sets the stage for the forthcoming discussion on our comprehensive approach to teaching and learning. It underscores our dedication to providing an enriching and inclusive educational experience that prioritizes the development of well-rounded and competent medical professionals through varied pedagogical methodologies."
