

Pravara Institute of Medical Sciences

(Deemed to be University)

Re-Accredited by NAAC 'A' Grade with CGPA 3.17 for Cycle 2

Loni-413 736, Tal Rahata, Dist. Ahmednagar, Maharashtra (MS), INDIA

Summary Sheet

Criterion VI-Governance, Leadership and Management

Key Indicator-6.2 Strategy Developments and Deployment

6.2.1 The Institutional Strategic plan is effectively deployed.

Strategic planning is very essential component to accomplish the Vision and Mission, which we dream of to become Excellency in student centered learning, dedicated patient care, adaptation of technology and quality-based research. Our Institution strategic planning – both academic and administrative has been developed by the IQAC Cell in collaboration with Board of Management, University officials. Chancellor, Vice Chancellor, and IQAC Coordinator are pillars of initiating policies after proper active feedback system including students, faculties, teaching – non teaching staff. Strategical planning initiated by them is further discussed with Heads of Institutions of PIMS (DU) in various forums like Academic Council, Board of Studies, Regular Institutional level Committee meetings etc. Heads of departments plays very important role in implementation of these tasks under strict supervision of Heads of Institutions with cordial help of administrative, finance and accounting, personal departments. HR has integral role in developing inputs and their proper disposal. Heads of departments with the help of various dedicated committees (Medical Education Unit, Bioethics Unit, Research Cell, Attendance Cell, Examination Cell, ICT department, Skill lab department etc) implement strategies at both academic as well as administrative fronts. Thus, our Institutional strategic planning, implementation, deployment involves all these roots and thus decentralizes the system in integrated way involving every stakeholder. During implementation the progress of strategy is measured from time to time. Hence the measurable success indicators are clearly spelt out in the final implementation document via feedback system. The implementation of strategic plan is regularly monitored time to time by the Chancellor, Vice chancellor, Academic Council and other committees through periodic review.
